

I pray for a priest

proposes children and youth

1. To choose a priest and commit to pray for him every day for a whole year, at its end, you will be able to choose another one, if you consider that he is in more need of your prayers.
2. Communicate it to the chosen priest, and **aks him what he wants you to ask God in his behalf exactly**. The petition must be based on a personal longing or need that may help him in his generous task of saving souls. Ex: "to be a holy priest", "to discern God's will", etc.
3. **Pray with your family** when possible. Each child, young person and adult will present their own intentions, which will include the priest's petitions. Afterwards, pray all together **with the heart** for everything you have asked for. Do not forget to pray for the Pope and give thanks for everything the Lord gives you every day.
4. To make your prayers more effective, ask the **Virgin Mary** on the first day, to always raise your petitions and prayers to God.
