

I pray for a priest

because priests **need our help** to carry out this unique and generous task of saving souls • because many priests **are alone and overloaded** with work • because **prayers, specially from those who have a child's heart, are always listened to** • because most intentions are granted when prayed **with the heart and perseverance** • because **God listens and talks** to us in prayer • because **frienships** are created and reinforced with the priests • because **it's beneficial for everyone**: children, youth, families and priests • because **the Church asks us to pray for our priests**

I pray for a priest

because priests need our help to carry out this unique and generous task of saving souls • because many priests are alone and overloaded with work • because prayers, specially from those who have a child's heart, are always listened to • because most intentions are granted when prayed with the heart and perseverance • because God listens and talks to us in prayer • because frienships are created and reinforced with the priests • because it's beneficial for everyone: children, youth, families and priests • because the Church asks us to pray for our priests
