

I pray for a priest

Proposes you **to choose a priest and commit to pray for him every day for a whole year**, at its end, you can choose another one, if you consider that he is in more need of your prayers.

Communicate it to the chosen priest and **aks him what he wants you to ask God in his behalf exactly**. The petition must be based on a personal longing or need that may help him in his generous task of saving souls. Ex: "to be a holy priest", "to discern God's will", etc.

Pray with your heart, and with your family whenever possible. Do not forget to pray for the Pope and to give thanks for everything the Lord gives you every day.

To make your prayers more effective, ask the **Virgin Mary** on the first day, to raise your petitions and prayers to God.

Write the priest's petition here

because they need it, because I want to help them, because I care for them, because is not easy for them, because we need them.
